Age Magnificently

COMPLETE SENIOR HEALTH

Welcome Home to COMPLETE Senior Living

At Lifespark, aging takes a different track, it's a stage of life filled with opportunity, growth, and joy. That's why we're reimagining senior health and senior living. COMPLETE Senior Living brings every part of the aging journey together in one connected, supportive experience.

It's a continuum designed so you can live with confidence at every step:

- **Vibrant communities** where you don't just live, you thrive.
- **Enriching programs** that build strength, purpose, and belonging.
- **In-home primary care** and **urgent response services** that help you stay healthy at home and ready for what's next.
- **Late-life transitions** that surround you and your loved ones with comfort, dignity, and support, wherever you are on the journey.

This isn't just a model. It's changing lives every day.

“

Lifespark exists to break the sick care rollercoaster for people and help them age magnificently.

Joel Theisen, LIFESPARK FOUNDER and CEO

More Rocking. Less Chair.

At Lifespark, our belief is simple yet radical: You're not done growing, not done competing, not done surprising yourself. And our COMPLETE Senior Living model is here to help you prove that point – every single day.

However you decide to grow, dream, and live with purpose, we're ready to help make everyday life easier and brighter. We take time to get to know you, show up for the moments that matter, and stay with you with steady support, today, tomorrow, and beyond. We sow optimism, champion dignity, and embrace humanity. And we do everything we can to help you Age Magnificently.

Our Communities

Not just a place for older adults to GO – Lifespark communities are a place to GROW!

Intentionally designed spaces, award-winning chef-led kitchens, and a continuum built around you ignite opportunities for every stage of life. Get support when you need it and space when you don't.

“

When I reflect back on what my dad and I went through, we could not have done it without the continuum of support we received.
